 - "We all love a story, I prefer to wear them."
 - "It's not a phase Mum."
 - "Look, life isn't perfect but your clothes can be."
 - "When it comes to fashion, your standards (and heels), need to be high. Which is why I shop only on Vestiaire, an app for people (and puppets) who really love fashion. And your items can be authenticated by a specialist. You can guarantee you'll find the one... I know I did."
 - "When you've got the price you want, just buy it with authentication. Just so you know it's the real deal."
 - "Like Anna Wintour's bob, she is a classic that never goes out of style. They say you can't buy taste, but you can because she buys on Vestiaire."
 - "There's two things I know in life. One, when in doubt, wear black. And two, whoever said you can't buy taste... clearly missed out on buying my classic Bottega Veneta Cassette on Vestiaire."
